# MAN IN THE MIRROR COLLECTIVE

SINCE THE NUMBER ONE BUYER OF SEX IS COLLEGE-EDUCATED, WHITE MEN, WE NEED MORE MEN AT THE TABLE TO BRING CHANGE. MITMC ENCOURAGES MEN TO CONSIDER FOUR PRINCIPLES:

1

LOOK INWARD.

True change begins with looking inside yourself and owning your issues.

2

EXAMINE SEXISM.

The sex industry aims to objectify —mainly women. We must consider ways we have been complicit in order to bring change.

3

EMPOWER SURVIVORS.

Advocate for those who have survived exploitation and objectification.

4

CONTRIBUTE.

In dealing with such an economic force as the commercial sex industry, we must fund organizations on the front lines of the fight.

RESTORE LIVES.
