Dear Jason and Kristin,

Thank you for the Demand Project's \$5,000.00 dollar donation to the Human Trafficking unit of the Oklahoma Bureau of Narcotics. We purchased a UFED Touch Logical System. This system will allow the investigators to download cell phones at the point of seizure without having to return to their offices. The system will allow us the capability to infiltrate the Human Trafficking cell groups more efficiently as a whole rather than an individual violator.

The bureau appreciates the donation and our long term relationship with The Demand Project. Thank you for your support in the efforts to eliminate Human Trafficking in our state. Let us know if there is anything we can do for you as we collaborate in a unified effort against the hideous crime of human trafficking.

Respectfully,

  
R. Darrell Weaver, Director
